

5.11

Specifications for Shirts

Brand	5.11 Tactical
Lot	72175
Fabric	Main Body: TDU Light Weight Ripstop, 3.95 oz., 65% polyester/35% cotton, 32s, Teflon finish lining; polyester, 60 g/m 2,60".
Design	The shirt shall incorporate two (2) bellowed chest pockets with hook and loop closure flaps, and two hidden document pockets. The shirt must have triple needle construction on all major seams for strength. There is a large horizontal back vent, lined with wicking polyester. The shirt comes with professional cuff strap feature at four rolls of the sleeve and adjustable cuffs. The sleeves have reinforced elbow patches. There is a hidden button-down collar to keep the collar lying neatly. The shirt has an easy-care finish to provide a professional look with less wrinkling.
Pocket	The two chest pockets have an inverted pleat. The pocket flaps shall be mitered and secured with hook and loop tabs at each corner. The two (2) hidden document pockets can hold large documents or necessary equipment. The pockets end at the arm/side seam in width and underneath the front chest pocket in length. They open approximately ½" from the edge of the placket and have two hook and loop strips to close the pocket opening.
Stitching	Edge stitches on back and front yolk, front placket facing; ¼" top stitches (single needle) on sleeve cuffs, pocket flaps; ¼" top stitches (3 needle)- armhole, armhole patches, collar edge, pockets; ¼" top stitches (2 needle) bottom; ¼" 2 needle faux fell seam-side seam.
Finishing	The Professional LS is finished with Teflon, anti-wrinkle and anti-fade finishing.
Labels	The care, size, country of origin, content and logo information are sewn permanently.
Closures	The shirt is made with melamine buttons that won't melt, burn or crack.
Sizes	XS – 3XL Regular L to 5XL Tall

Specifications for Fatigue Pants

Brand	5.11 Tactical
Lot	74003
Color	TDU Green, Dark Brown, Navy & Khaki
Fabric	65 % Polyester/ 35% Cotton Rip stop
Design	The pant shall incorporate a plain front, two (2) quarter front pockets, two (2) back utility pockets with hook and loop closure, and two (2) BBS cargo pockets. The pants must be double seated. The waist band shall be an expandable comfort waist with reinforced waist band. The pants have a double knee with removable neoprene knee pads. The pants are triple stitched and there are 45 bar tacks for added strength. The pants are Teflon treated.
Pocket	The two (2) front pockets will be quarter top style with a minimum opening of 7 ½" and a minimum depth of 5 ½" measured from bottom of the pocket opening. Pockets shall be constructed using the stitch, turn and topstitch method, also known as a French seam. The edges of the front pockets shall be reinforced with a binding of fabric at each bottom edge.
Rear Pocket	The two (2) rear pockets shall have a minimum of 5 ½" and a minimum depth of 6 ½" measured from the bottom of the pocket opening. Hip pockets shall have 2" pocket flaps with Velcro closures at each corner.
Cargo Pocket	The two (2) cargo pockets (one on each side seam) shall have two inner pocket compartments. The pockets will be centered across the side seam. The outer pocket shall be constructed of the shell fabric. The inner compartments are formed with a layer of loop material. The loop material serves as a mounting surface for 5.11's hook based material on the Accessories Pouches. The outside measurements of the pockets are 9" wide x 10" deep. There shall be two (2) working 1" pleats on each pocket. There shall be a 1 ½" bellow on the back vertical edge of the pocket. The pocket flaps shall be secured with 1 ½" x V" inch hook and loop tabs at each corner. There shall be "X" bar tacks on all corners of each pocket. WAISTBAND: The pants will be made with the 5.11 comfort tunnel waistband, which provides 2 inches of expansion at each side for better comfort

fit. The waistband shall measure 2” wide when finished. The waistband shall be closed with a PRYM snap and a French fly. The waistband must be topstitched 1/8” along both edges for added strength.

Belt Loops Side and front belt loops shall be 1 ¾” wide and have a functional opening of 2 ¼”. The center back belt loop shall be 1” wide. There must be a minimum of five (5) belt loops at the waist.

Stitching Trousers must be stitched with matching thread

Zippers/Snaps YKK Zipper #5 metal tooth
PRYM Snap #26L antique brass anodized black metal

Sizes Trousers shall be available in the following sizes
XS – 4XL in short, regular and long

Horace Small

Specifications for Shirts

Brand	Horace Small
Lot	HS 113 Men's Long Sleeve Shirt
Fabric	Milliken lot 3075, 4.25 oz. sq. yd. 65% polyester-35% cotton with 9-11 % filling stretch to enhance comfort and mobility.
Creasing	The two military creases in front and three in back of each shirt incorporate a permanent modified silicone crease.
Front	The left front has a self-fabric center pleat 1-3/8" wide extending from collar band to bottom of shirt. It has two rows of stitching 7/8" apart. The center pleat is interlined with 100% polyester, 250 denier. A self-lined button stand 7/8" wide is on the right side and extends from collar band to bottom of shirt. There are six front buttons and one collar band button.
Collar	The collar is banded. The back of the stand measures 1 1/2". The points are 2 7/8" in length and top stitched 3/16" from the edge. The interlinings are 100% polyester, 250 denier. The inside collar band is self-goods, cut in filing direction to enhance stretch properties. Permanent collar stays of proper length are fused or sewn inside collar so that no stitches are made through the bottom leaf. The stand fastens with one button.
Yoke	Two piece yoke of self-goods cut in filling direction to enhance stretch. The back of the yoke is topstitched 1/16".
Sleeves	Each sleeve has a one piece pointed placket, 1 1/4" wide both top and bottom, with one button and buttonhole centered in the vent opening. Sleeve setting and closing are sewn with an over edge and safety stitch. Cuffs close with two buttons and buttonholes, are 2 3/4" wide and have 1/4" topstitching on the edge. Cuffs are interlined.
Pockets	Two breast pockets finishing 5 3/8" wide and 5 3/4" long with mitered corners. Both pockets have a 1 1/2" box-pleat stitched top and bottom to prevent spreading. Left pocket has a sewn through pencil stall 1 3/8" wide. Woven hook

fastener ½" wide and 1" long is placed on each pocket to secure woven loop fastener placed on each flap.

Flaps	Flaps are scalloped, finishing 5 ½" in width, 2 ¾" in length at the center and 2 ½" at each side. Flaps are placed with ¼" space between the pocket and flap and have one centered buttonhole with button. The left flap has a pencil opening 1 3/8" in width. Woven loop fastener ½" wide and 1" long is placed on the edges of each flap to secure woven hook fastener placed on pockets. Flaps have crease interlining.	
Badge Tab	Inside sling type of self-goods approximately 1 1/8" wide extends from joining seam to pocket of left front. To have two small, uncut buttonholes 1 ¼" apart with the lower buttonhole 1 ¼" above the flap.	
Epaulets	Sewn into sleeve head seam and measure approximately 1 7/8" tapering to 1 ½" with end pointed. Epaulets are set approximately 1" from the collar seam. They are box-stitched to shoulders with a row of x-stitching 2 ½" from sleeve had and diagonally sewn from each end of the seam to the sleeve. Epaulets have crease interlining.	
Shirt Labeling	Each garment is identified by permanent size label, lot number, cut number, manufacturing RN number, care, content and country of origin labeling.	
Buttons	20-ligne melamine buttons dyed to match the fabric color.	
Color	HS 1113	Grey
Emblem	Emblem is to be sewn centered on the right and left sleeves ¾" below shoulder seam on each shirt. Emblem consists of one piece furnished by MS Department of Wildlife, Fisheries, and Parks.	
Quantity	200 more or less

Specifications for Shirts

Brand	Horace Small
Lot	HS 1168 Women's Long Sleeve Shirt
Fabric	Milliken lot 3075, 4.25 oz. sq. yd. 65% polyester-35% cotton with 9-11 % filling stretch to enhance comfort and mobility.
Creasing	The two military creases in front and three in back of each shirt incorporate a permanent modified silicone crease.
Front	The right front has a self-fabric center pleat 1-3/8" wide extending from collar band to bottom of shirt. It has two rows of stitching 7/8" apart. The center pleat is interlined with 100% polyester, 250 denier. The right front has six buttonholes. Buttons are strongly attached through two thicknesses of material forming left front. They correspond to each buttonhole. There are six front buttons and one collar band button.
Collar	The collar is banded. The back of the stand measures 1 1/2". The points are 3" in length and top stitched 3/16" from the edge. The interlinings are 100% polyester, 250 denier. The inside collar band is self-goods, cut in filing direction to enhance stretch properties. Permanent collar stays of proper length are fused or sewn inside collar so that no stitches are made through the bottom leaf.
Yoke	Two piece yoke of self-goods cut in filling direction to enhance stretch. The back of the yoke is topstitched 1/16".
Sleeves	Each sleeve has a one piece pointed placket, 1 1/4" wide both top and bottom, with one button and buttonhole centered in the vent opening. Sleeve setting and closing are sewn with an over edge and safety stitch. Cuffs close with two buttons and buttonholes, are 2 3/4" wide and have 1/4" topstitching on the edge. Cuffs are interlined.
Pockets	Two breast pockets finishing 5 3/8" wide and 5 3/4" long with mitered corners. Both pockets have a 1 1/2" box-pleat stitched top and bottom to prevent spreading. Left pocket has a sewn through pencil stall 1 3/8" wide. Woven hook

fastener ½" wide and 1" long is placed on each pocket to secure woven loop fastener placed on each flap.

Flaps	Flaps are scalloped, finishing 5 ½" in width, 2 ¾" in length at the center and 2 ½" at each side. Flaps are placed with ¼" space between the pocket and flap and have one centered buttonhole with button. The left flap has a pencil opening 1 3/8" in width. Woven loop fastener ½" wide and 1" long is placed on the edges of each flap to secure woven hook fastener placed on pockets. Flaps have crease interlining.	
Badge Tab	Inside sling type of self-goods approximately 1 1/8" wide extends from joining seam to pocket of left front. To have two small, uncut buttonholes 1 ¼" apart with the lower buttonhole 1 ¼" above the flap.	
Epaulets	Sewn into sleeve head seam and measure approximately 1 7/8" tapering to 1 ½" with end pointed. Epaulets are set approximately 1" from the collar seam. They are box-stitched to shoulders with a row of x-stitching 2 ½" from sleeve had and diagonally sewn from each end of the seam to the sleeve. Epaulets have crease interlining.	
Shirt Labeling	Each garment is identified by permanent size label, lot number, cut number, manufacturing RN number, care, content and country of origin labeling.	
Buttons	20-ligne melamine buttons dyed to match the fabric color.	
Color	HS 1168	Silver Tan
Emblem	Emblem is to be sewn centered on the right and left sleeves ¾" below shoulder seam on each shirt. Emblem consists of one piece furnished by MS Department of Wildlife, Fisheries, and Parks.	
Quantity	25 more or less
